2027 Preschool Information Session

Moama Anglican Grammar is most excited to announce that construction of our Early Learning Centre has commenced, and our inaugural 3 and 4 year old Preschool program will be ready for operation from the end of January 2027.

We very much look forward to our Early Learning Centre Director, Mrs Adele Ridge, sharing our approach to early years learning, walking you through the design of our state-of-the-art facility and highlighting the points of difference of our Preschool offering for your child.

Imagine the Possibilities
